

NOTICE

RE: Watering Restriction

During periods of low water pressure, especially during the hot summer days with no rain, we ask that all water users respectfully follow some basic guidelines to ensure everyone has adequate water at all times.

Please note that this schedule is voluntary at the present time, and will remain in effect until further notice.

**A WATERING RESTRICTION IS IN EFFECT
FROM 8:00 AM TO 8:00 PM DAILY
THROUGHOUT THE SUMMER MONTHS**

On **EVEN DAYS** of the month, water users in the **SOUTH PART of SEYMOUR ARM** may use water sprinklers between the hours of 8:00 pm in the evening to 8:00 am in the morning. This includes the area west from Seymour Arm Bay Road and south of Ollanson Road down the hill to the river (Nittel Road) and around the corner along Abbott Road to the airstrip and Daniels Road at the beach.

On **ODD DAYS** of the month, water users in the **NORTH PART of SEYMOUR ARM** may use water sprinklers between the hours of 8:00 pm in the evening to 8:00 am in the morning. This includes the area north of Seymour Arm Bay Road to the Seymour River Bridge and west down the hill at Ollanson Road to the river (Nittel Road) including all lots in the Ireland Road sub-division.

PLEASE DO NOT USE YARD HYDRANTS AT THIS TIME

THANK YOU FOR YOUR COOPERATION

SEYMOUR ARM WATER USERS COMMUNITY

Water conservation items such as battery operated timers are available from various retail outlets and are highly recommended. Please consider these options and be courteous regarding water usage.

This water restriction was voted by the membership at the 2009 SAWUC Annual General Meeting.
